

## A GROUND BREAKING MOMENT BY THE GOLDEN GROUP

*by Brian Phang*

On Wednesday, 25th October, the Golden Group held a ground-breaking ceremony for its latest property development, the Golden Maddington River Estate.

Mimi Wong, Chairman of the Golden Group and WACCC Member, together with Mayor of the City of Gosnells Cr Pat Morris 'broke new ground' to symbolise the commencement of the project.

At a lunch immediately following the ground breaking ceremony, in her capacity as Chairman of the Golden Group and a WACCC member, Mimi Wong said that she has very been grateful to the community for its support and wanted to give something back by donating 2% of the net profits from the rental of 228 Adelaide Terrace to The Leukaemia Foundation of WA. WACCC Vice President Patti Chong, who is also the Ambassador of the Leukaemia Foundation of WA, officially thanked Mimi and the Golden Group for their generosity and support.

In the spirit of philanthropy and creating new estates and opportunities, it was truly a day of ground breaking moments.
